20X6	1495	20X8	1850	22x10	2490	24x12	3130		POA
22X6	1595	22X8	2150	24x10	2700	26x12	3470		
24X6	1750	24X8	2160	26x10	2950	28x12	3610		

The above are all made from 22mm thick finish (ex 25mm) T+G – Please do NOT compare against other shed suppliers who call a Big Shed a Work Shop usually made from 11 /12mm Thick T+G .

The above Heavy Duty Range good old fashioned Solid Buildings.

You can have the Door (Single as Standard) any were on the building, but usually goes centre of the Apex section.

As we manufacture the buildings in our factory in Liverpool, we can of course make to your requirements, please either post a sketch or scan and email your requirements..
